

# AUTHORISED RACKET COVERINGS:

1 JANUARY 2006 – 30 JUNE 2006

## LIST N°26B also on the Internet: [www.ittf.com](http://www.ittf.com) (Equipment, Racket Coverings)

Information that appeared for the first time in list 26 is shown in italics.  
The new rubbers entering the list in October (List 26B) are in **bold** and italics.

Dark sponge (black, blue, brown, green, purple, red) should not be used under translucent red coverings (most red coverings are translucent). It is the player's responsibility to use a racket covering which appears bright red, and the use of a dark sponge under a translucent top sheet is likely to make the rubber illegal. Even if racket coverings appear in this List without reference to sponge, the Law 2.4.3. governs the use of sponge.

Many racket coverings contain additional text in the rubber mould apart from the brand name and suppliers name and this does not disqualify them from the List of Authorised Racket Coverings. However, the text given in the list must be there (for example, Butterfly Sriver L and Butterfly Sriver S have the addition "D13"). Such texts could be positioned anywhere in the area reserved for the text on the rubber.

### LEGEND

- [R] or [B] Indicates that this brand name is available in only red or black respectively.  
 "Long" Under 'Type', this is used where the aspect ratio (= pimple height / pimple diameter) is larger than 0.9.  
 ‡ Indicates a version available with a textile reinforcement, intended to be used without sponge.
