

ITTF-APPROVED LONG PIMPLES: JULY–OCTOBER 2004

Below are the 76 ITTF-approved rubbers classified as “Long” (i.e., where pimple height divided by pimple width exceeds 0.9). Some other rubbers are also listed (e.g., Double Happiness C7, which does not count as “Long” on the ITTF’s definition). Italics indicate a newly approved rubber (July 2004). → Indicates the rubber (or an equivalent) is reviewed at <http://www.tip.net.au/~dean/lp-rubbers.html>.
